XM Radio is by far the best thing that I have ever purchased. The instant traffic and weather that was recently added has been a great addition. The radio stations in my area do not provide as up-to-date information as XM radio does, and it would be a shame if they were not allowed to continue to provide that service, as well as any other services that the NAB is trying to have them do away with. I respectfully urge you to reject NAB's petition 04-160.

Thanks in advance.

Sincerely,

Melinda Walker
